All Around Hope For A Great Year

Going into the 2019 / 2020 school year we all have high hopes for an all around great year. We walk into the doors with staff members lining the halls clapping and cheering for us. They all hope that the students they teach this year grow both academically and socially. They hope to have a positive effect on the way we think and behave. We gained a new assistant principal, Ms. Harman, who said her hope is that she can spread positivity all around the school. We, as students, hope that the school year goes smoothly. We all hope that we do well in our classes, make new memories with friends, and grow as people. There have been a number of new students that we have welcomed into our halls this year who hope to learn new things, make new friends, and do well in a new environment. Going into their last year, the senior class hopes to make this their best school year yet. All throughout the school there is a hope to make this year a fun, exciting, and memorable year. The yearbook staff predicts this year will be **good times all around**.

The senior year for the Class of 2020 could not have been imaged, and as graduation rolled around, these super seniors found ways to celebrate thanks to family and friends. This class deserved a big send off, but instead pictures outside their alma mater and snuggles with the ones they love would have to do. NHS got creative and provided a way for each student to walk the stage at graduation with a small crowd to cheer them on. Despite the challenges of a world wide pandemic, these seniors found time to smile and bask in their accomplishments!

English & Journalism

Power in the Pages The English department has the pleasure of walking students through fantastic journeys in literature and composition, with a hint of grammar and mechanics along the way. While students in Mr. Callis's class enjoyed time in the Vault to work on research, one of Ms. Virts's favorite activities is when her English III students film trailers for their version of "The Crucible", as seen by Tahnka Tilson's epic portrayal of Rev. Hale (6) and Elijah Baker's directoral debut (4).

1. Semester One Yearbook Crew- Emily Reed (11), Emily Cuppett (11), Samantha Gank (12), Chyanne Gardner (11), Alexis Savage (10), Cody Schrock (11), Caiden Andris (9), Taylor Kelly (11), Haylee Bittinger (11), Riley Zang (11), Coltan Cervi (12), Ajai Warnick (11), Ms. Virts; 2. Seniors Lucas Broadwater, Jacob Gilpin, Tyler Hare, Hunter Meyers & Trey Walling work in the Vault.

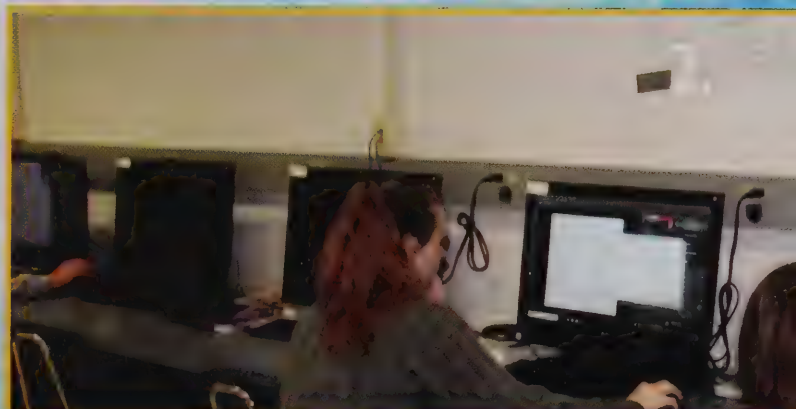

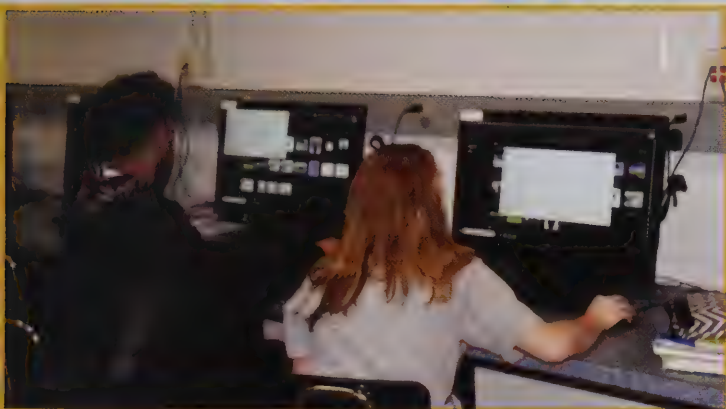

Social Studies

Covering the Globe Our history team covers all sorts of amazing and significant topics, from world wars to economics. Mr. Nicklin (above), our veteran storyteller, recalled his year as such:

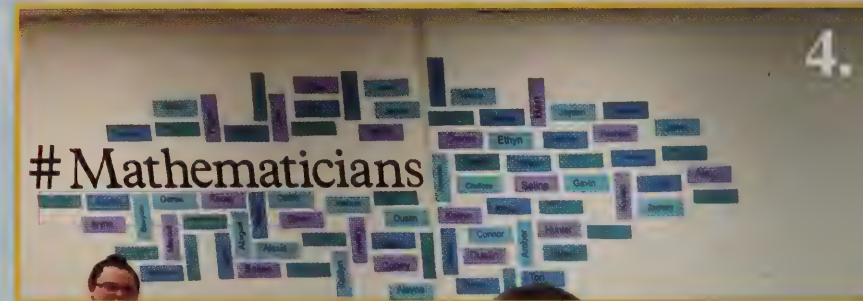

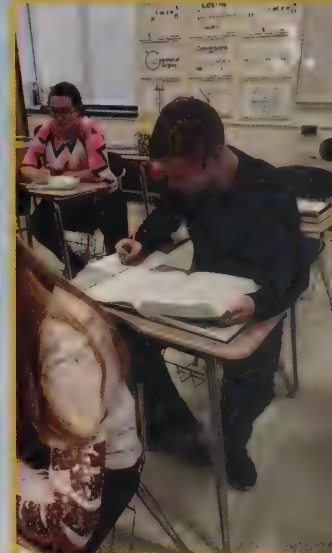

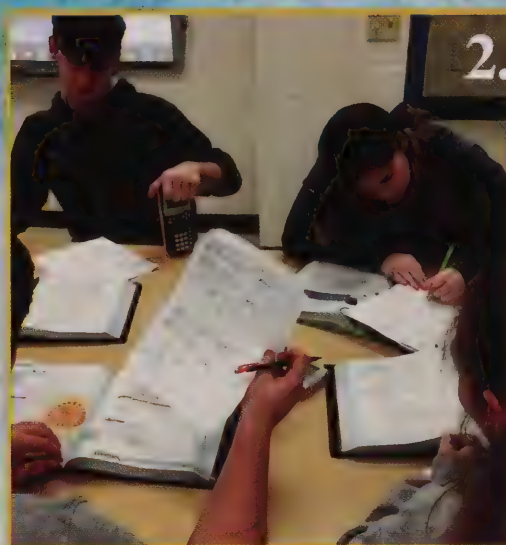

"I had a great year with some amazing students until COVID hit. I did the best I could but I really missed the interaction with students, my Reel to Real Enrichment Crew and teaching World War II and Vietnam. Mr. Schneider (my intern) was a huge help with my online stuff, but online just wasn't the same. I am also sad to see Mrs. Biggs leave. I'm gonna miss that little lady. She was fun and a class act. One of the greatest events in my lifetime took place in May. Adeline Renae Fulmer, my granddaughter, was born. It's wonderful to be a grandpa."

Computer Science & Business

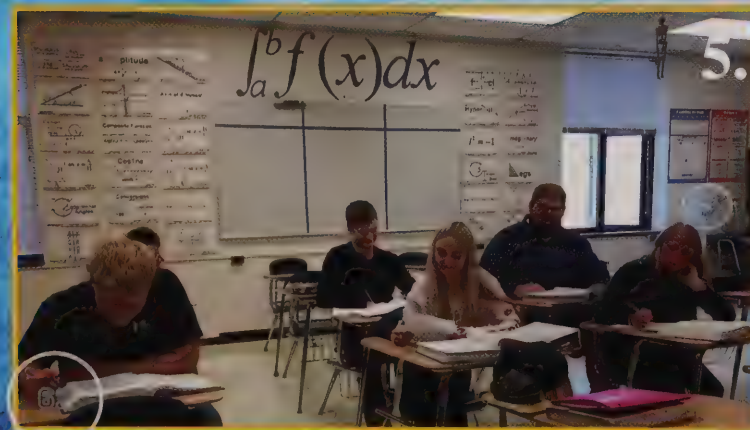

Up to Code According to Ms. Walker, the instructor and head of our Computer Science program, "Computer Science students collaborate, create, problem solve, analyze data, build robots, code, communicate and more! These are essential skills for the future." 1. Hector Maisonet Perez (12) and Ajai Warnick (11) collaborate on a project. 2. Lindsey Ward (12) races to complete a project utilizing the software programs.

Mathematics

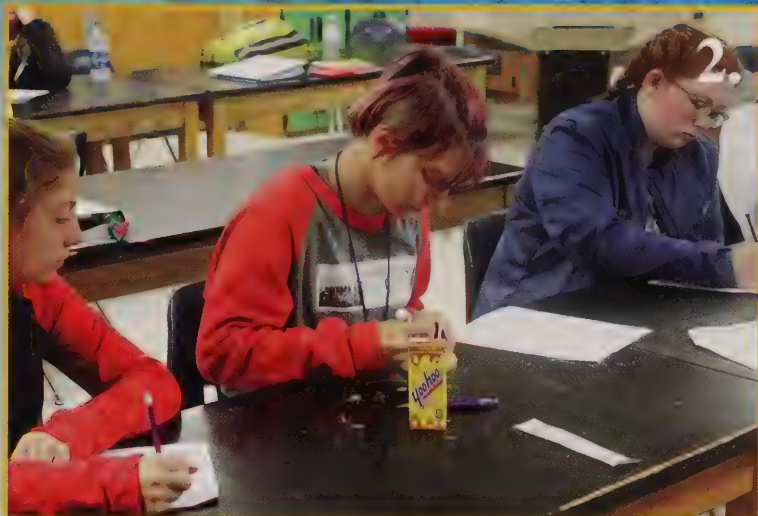

Knowledge in the Numbers! From Algebra basics to pass the MCAP, to Calculus that will prepare students for college level curriculum, the Husky Math Squad works hard each year to help students gain the skills necessary to be successful in a 21st century world! One of the highlights from our Math department is Ms. Harvey's hands-on Geometry lessons where students create shapes all over the classroom as seen in above (1). Ms. Harvey stated that "kids crawl all over the room measuring angles", which is interactive and fun! Math isn't just for calculators anymore!

1. Chance Ritchey (10) working the angle. 2. Skye Hampton (10) working through a difficult problem; no calculator assistance required from Alex Cherry (10) 3. Dominic Menear (12) & Jade Gish (12) crunching the numbers. 4. Ms. Harvey's classroom wall features famous mathematicians, #theylikepi. 5. Seniors Dominic Menear, Emily Mayles, Garrett Emory, Parker Wilt, & Ella Rose Warnick taking advantage of their final moments in Math. 6. Ms. Kirchner in action.

Science

Explosions, Speed Dating & Crime Sciences, Oh My! Our Husky Science team pulls out all of the stops to make the field of Science fun and unforgettable. From Ms. Glass's Biome Speed Dating to Mr. Price's crime scene investigations. When asked about his 'assistant' Mr. Price had this to say- "Her name is Matilda. She is the mannequin we use in the crime scene mock up in my room for Principles of Bio-Medical." Ms. Glass's Biome Speed Dating "was such a blast! The kids did an amazing job!"

1. Angela Olinzock (11) & Tara Durst (11) make a connection during Biome Speed Dating. 2. Madilynn Magruder (11), Tahnka Tilson (11) & Nicole Savage (10) work to complete a lab report. 3. Matilda, the crime scene model, is poised and ready to be discovered by students. 4. Dylan Poling (10) talks out a challenging assignment. 5. Mr. Price prepares to create a chemical reaction! 6. Hunter Meyers (12) and his classmates work to assemble Christmas wreaths, one of the largest and most time consuming projects that takes place in the Ag shop each year.

Growing and Shaping the Natural World

The NHS Agricultural program is thriving under the direction of Ms. Yost and encompasses a variety of classes including Plant & Animal Science and Ag Mechanics. Students work throughout the year in hands-on activities including building and selling wreaths at the holidays and filling the NHS greenhouse with beautiful plants for the annual plant sale.

4. Alexis House (12), Riley Hoenstine (12), & Caleb Rush (11) prepare plants for potting in the greenhouse. Students grow and sell flowering plants and vegetables each year to help support the NHS Ag program. 5. Ms. Yost delivers a lecture while sporting her Hawaiian shirt for spirit week. 6. Ashton Crayton (10) & Rylie O'Neal (10) in Ag Mechanics practice small engine parts identification.

Carpentry

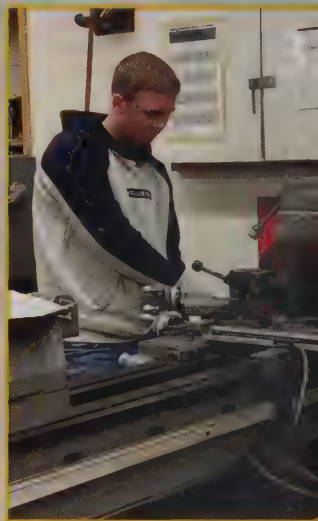

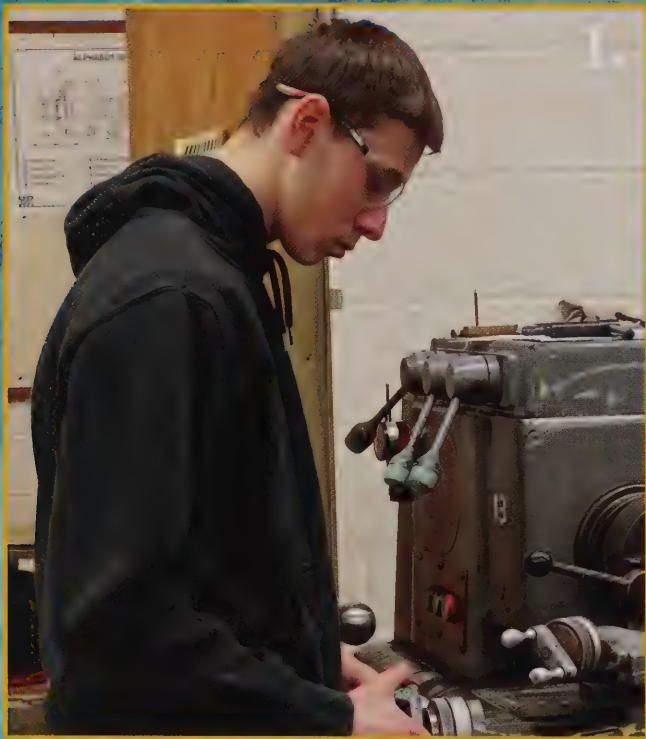

Building a Better Future Mr. Beitzel offers students endless possibilities to learn the craft of building and design while working as a team in his Carpentry I & II classes. Students work on various projects throughout the year including building picnic tables, sheds, play sets, and other community projects that are brought to the school.

Auto students Dale Ertwine (12), Glenn Walker (12), Asa King (11), Benjamin Burris (12), & Dakota Artice (12) are poised and ready to enter the shop and begin a day's work.

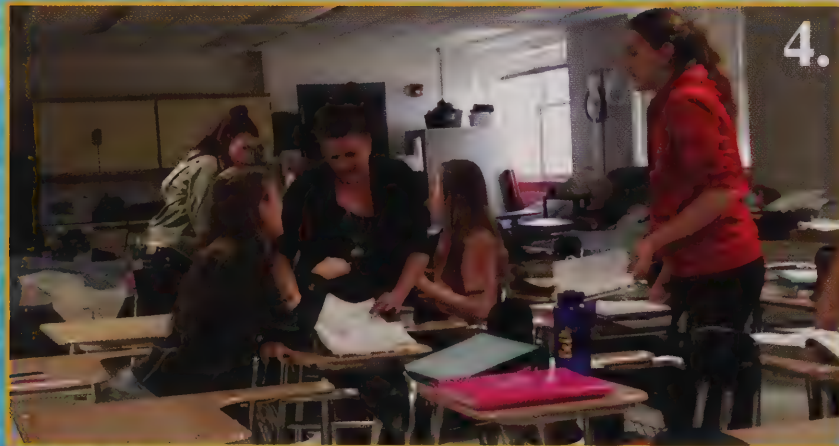

The Vault

A Home Away From Home Our NHS library, a.k.a The Vault, not only houses many books, resources, and technology, but it allows for a safe place for students to come whenever they are in need of a friendly face and a little quiet. Ms. Roller, our resident songbird, works with students and teachers every day to provide any and all needs in research and additional technological resources. Classes, clubs, and the lunch crew utilize this space daily for class, conversation, and calm. (Left) Seniors Ethan Fike, Caleb Hines, Garrett Merrill & Pasha McCabe preparing for group work in senior English; (Middle) Book Diva Ms. Roller; (Right) Dakota Artice (12) working on a paper for senior English.

Allied Health/Biomedical

Skills for Life! Bio-Med and Allied Health have become two of the most popular pathways in Garrett County! Students in these programs receive training that will allow them to have successful careers in the health and medical industries. Allied Health students receive hands on experiences at our local hospital and field work at NHS including taking vital signs on Northern staff and students. Graduates of the Bio-Medical program collaborate with professionals in various medical fields to create final projects with real world applications.

World Language

Words of the World Our World Language department, which currently consists of four levels of Spanish classes, saw some changes this year. First, our new teacher, Ms. Poupard, came half a day from the middle school to spice things up with fun games like Conjugation Twister! Then we sadly had to say goodbye to Ms. Savage, the head of our World Language department, who moved to South Carolina to continue her teaching career. We also had to say goodbye to our Jack-of-all-Trades teacher Ms. Garlitz, who moved on to teach at risk students in the county. Both Ms. Garlitz and Ms. Savage are Northern graduates and we wish them well as they move on to bigger and better things. We ended on a high note with the arrival of Ms. Cortez, who will be joining us permanently next year! Despite the changes, students throughout the school gained Spanish skills that will help them to excel in a multi-cultural society. (Left) Ms. Poupard working with Spanish I students on their Conjugation Twister game. (Right) Ms. Savage & Ms. Garlitz at their farewell party.

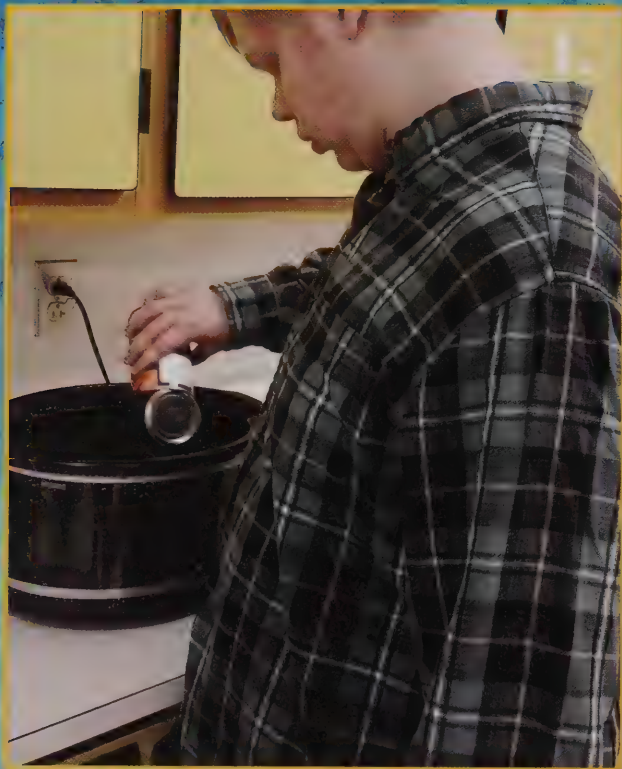

Theatre

A Not So Practically Perfect Year! The NHS Theatre department began the year on a huge high note with a very successful production of "Mary Poppins". The Theatre I & II classes began in the spring with very talented artists honing their skills and preparing for the Theatre II production of "A Gentleman's Guide to Love & Murder". A mere two and a half weeks before opening night COVID closed down our school. With tears, we finally ended online practices at the start of June, in the hopes of presenting the show with a new cast next year. Theatre I classes continued online with play readings and musical dances, while the Theatre II classes wrote "The Pandemic Plays", short plays to be presented next school year. To our extremely talented seniors - the world has missed a great opportunity to see your talents grace the Northern stage one final time, but we are fortunate to have shared the boards with you for four years. We wish you all luck and know you will continue to create magic in the world. Thank you for our practically perfect times together! - Ms. Virts

Band & Chorus

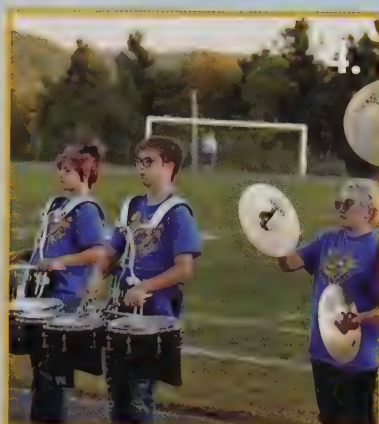

The Northern Music Department was excited to welcome our new Band & Chorus director this year, Mr. Dively! Not only did Mr. Dively start by hitting the ground running with Band & Color Guard competitions, he taught our General Music, Piano I & II classes and gave the band room a much needed remodeling. We are very excited to have Mr. Dively and look forward to the NHS Music program's continued growth in the coming years!

Mr. Dively's first year recap:

"The Northern Music department had an exciting year! From coming in 2nd place at the TOB Chapter 13 Championships, to presenting a Christmas Concert at "Silent Night, Silent Auction", the music department excelled and represented Northern Garrett High School very well. One of the biggest achievements of the year was Evan Beachy being selected as the 1st Chair Trombone for the Maryland All State Band! This was a huge accomplishment and honor for Evan, and the entire Northern Garrett Community. Liam Ness, Evan Beachy, Tara Durst, and Derek Skidmore were also selected for various honor band festivals throughout Maryland and West Virginia. Our Piano and General Music classes worked very hard this year as well. From presenting projects on their favorite music artist, to performing their final Piano Solos to their peers, these students grew musically and professionally."

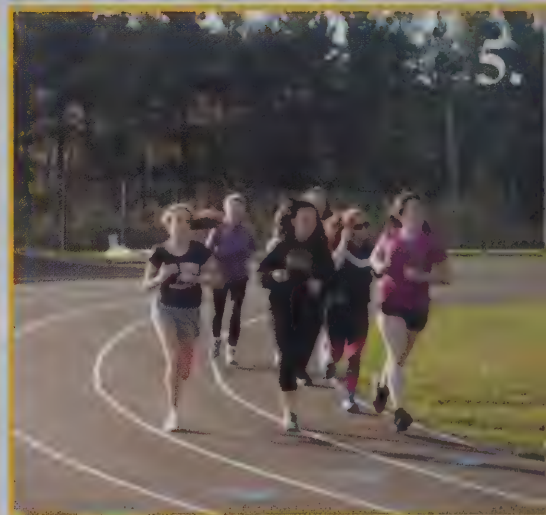

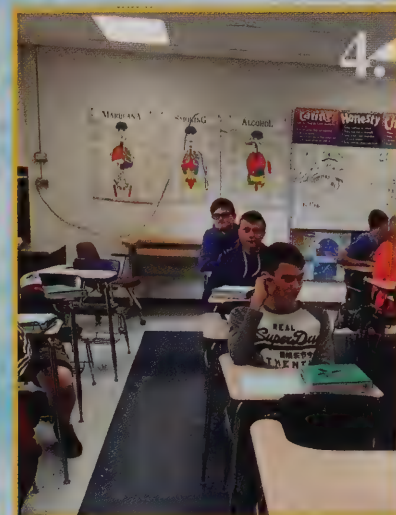

(Above) The band and chorus practices and then performs in their concert at "Silent Night, Silent Auction", a charity event in conjunction with Student Council. Pictured bottom center are Mr. Dively, Evan Beachy (11), Tara Durst (11) and Derek Skidmore (11) at the Fairmont Honor Band performance.

Year in Review from Col. Riley:

The 2019-2020 academic year was a year of firsts for the NHS JROTC Program. First was the arrival of our new Army Instructor SFC Edwin Ramos. He jumped in with both feet and started to make positive changes to the program. The cadets and NHS Staff and Faculty made him feel welcomed. March 2020 will be etched in all our minds for quite a while. We completed our JROTC Program Accreditation (JPA) on Tuesday 10 March 2020 and that Friday (YES!! Friday 13th!!) we were dismissed and never returned back to school. The COVID-19 Pandemic was an unprecedented event not only for our area but for our Nation. Everything changed for everyone but especially the seniors. School quickly became an online activity. Ultimately every event and activity was canceled which included our Spring Leadership Training, Quantico Marine Corps Base 2 day trip, Adventure Training, and the JROTC Cadet Leadership Course (JCLC-Dawson) held at Camp Dawson, WV with over 350 participants each summer, but the Cadets dealt with everything very well.

The bright spot was the announcement of our FIRST Top Cadet Awardee which included a free trip to Hawaii (the trip was ultimately canceled due to COVID-19 but a large financial award was presented in lieu of the trip). C/LTC Katielee Olinzock was notified she was selected by the selection committee and was very excited to be our first TOP CADET Awardee. The NHS JROTC Cadre and Parent Booster Organization looks forward to the 2020-2021 School Year!!

5. Cadets Angela Olinzock (11), Amie Friend (9), Mary Winebrenner (9), Salina Sines (10) & Alisha Sines (9) in their dress blues preparing to host veterans at the fort for the Veteran's Day ceremony.
6. Cadets Austin Fazenbaker(10), Clayton Handwerk (11), & Andrew Younkin (11) participate in the flag retirement ceremony.
7. Deployed troops enjoying the items collected by NHS cadets, students, and staff. This includes over 100 cards to our troops.
8. Cadets work to read maps and piece together clues on their field trip to the Camp Deep Creek Leadership Retreat.
9. SFC. Ramos, new to NHS JROTC this year, showing us how to stand at attention.
10. Cadets, instructors, & veterans gather for the annual Veteran's Day Ceremony.

HOMECOMING DANCE AND GAME

LETS DANCE *Under The Big Top!*

After a long week of showing their school spirit, the students of Northern got all dressed up to dance the night away at the 2019 homecoming dance. WAR OF THE CLASSES

As is the Northern Husky tradition, students from all grades face off against staff members right before Thanksgiving break, in a battle of brains and brawn during the 2019 War of the Classes. In games ranging from plunger races and wrapping mummies, to fashion shows and "Hungry Hungry Hippos", and of course Tug of War, the Juniors dominated this year's games, followed close behind by the Seniors and teachers.

PROM

A Prom Like No Other

Prom was supposed to be held on Saturday, May 16th. Unfortunately, it was yet another important event that was cancelled due to COVID-19. Students at NHS were encouraged to make the best of it and celebrate in the safest way possible. While adhering to all school rules and safety guidelines, students got dressed up, took photos, met with a few friends and had dinner. To carry on tradition, students voted on a 2020 Pandemic Prom Court. Madilynn Thomas was chosen as Prom Queen, Ian Eggleston; Prom King, Gabriell Blamble; Prom Princess and Brandon Pickrel and Christian Fike were chosen as Prom Princes. The Pandemic Prom Court was awarded crowns and sashes.

Prom 2020 had the making to be great, but when prom got cancelled, these Huskies had to find their own ways to celebrate.

Madilynn Thomas (12) chose to get all dressed up and show her Husky prom spirit to the world, just as a prom queen should!

How COVID-19 changed our lives

Nov. 2019

A novel coronavirus was first identified in China's Hubei province. The disease it causes attacks the lungs and causes rapid onset of pneumonia in already immunocompromised patients.

The first American case was diagnosed in Washington state. The illness rapidly spread across the globe, endangering mostly older adults and those with underlying and chronic health conditions, including lung disease, heart disease and diabetes.

The World Health Organization (WHO) names the virus SARS-CoV-2 (Severe Acute Respiratory Syndrome Coronavirus 2) and the disease it causes COVID-19 (Coronavirus Disease 2019). Worldwide death toll is 1,107.

To slow the virus's spread, the US suspended European travel for 30 days.

-Canadian provinces canceled schools as the numbers of infected rose.

•Canada reported 341 cases.
•More cases were reported outside mainland China than inside it for the first time in the history of the disease.
•The largest school district in the US, NYC Public Schools, closed.
•The CDC suggested a community ban on all gatherings of more than 50 people for at least eight weeks.

Provinces, states and cities continued to implement strict measures to slow the spread of the virus. The movement, called "flatten the curve" prompted entertainment, bar and restaurant closures across the US and Canada. By Monday, all NBA, PGA, MLB, MLS, NASCAR, NHL, and NCAA sporting events were either canceled or put on hold for two or more weeks. Some especially hard hit areas, including seven counties in California, put a three-week-long "Shelter in Place" home restriction on citizens, requiring they leave their homes only for essential needs. Workers in essential services (emergency and medical, banks, grocery, pharmacy and food service) were exempted from the restriction, so they could work.

17 St. Patrick's Day

Celebrations were canceled (even in Ireland). Nonessential services (salons, movie theaters, shopping malls, etc.) were closed for 30+ days in many states. The Canadian-US border was closed to travel (but not trade) in a mutual agreement.

In the midst of the Coronavirus Pandemic, the Centers for Disease Control sends a strong message:

**WASH
YOUR
HANDS**

and DISTANCE yourself.

KNOW HOW IT SPREADS

- There is currently no vaccine to prevent Coronavirus Disease 2019 (COVID-19).
- The best way to prevent illness is to avoid being exposed to this virus.
- The virus is thought to spread mainly from person-to-person.
 - Between people who are in close contact with one another (within about 6 feet).
 - Through respiratory droplets produced when an infected person coughs or sneezes. These droplets can land in the mouths or noses of people who are nearby or possibly be inhaled into the lungs.

TAKE STEPS TO PROTECT YOURSELF

- Wash your hands often with soap and water for at least 20 seconds especially after you have been in a public place, or after blowing your nose, coughing, or sneezing.
- If soap and water are not readily available, use a hand sanitizer that contains at least 60% alcohol. Cover all surfaces of your hands and rub them together until they feel dry.
- Avoid touching your eyes, nose, and mouth with unwashed hands.
- Avoid close contact with people who are sick.
- Put distance between yourself and other people if COVID-19 is spreading in your community. This is especially important for people who are at higher risk of getting very sick.

TAKE STEPS TO PROTECT OTHERS

- Stay home if you are sick, except to get medical care. Learn what to do if you are sick.
- Cover coughs and sneezes.
- Cover your mouth and nose with a tissue when you cough or sneeze or use the inside of your elbow.
- Throw used tissues in the trash.
- Immediately wash your hands with soap and water for at least 20 seconds. If soap and water are not readily available, clean your hands with a hand sanitizer that contains at least 60% alcohol.
- If you are sick: You should wear a facemask when you are around other people (e.g., sharing a room or vehicle) and before you enter a healthcare provider's office. If you are not able to wear a facemask (for example, because it causes trouble breathing), then you should do your best to cover your coughs and sneezes, and people who are caring for you should wear a facemask if they enter your room. Learn what to do if you are sick.
- If you are NOT sick: You do not need to wear a facemask unless you are caring for someone who is sick (and they are not able to wear a facemask). Facemasks may be in short supply and they should be saved for caregivers.
- Clean AND disinfect frequently touched surfaces daily. This includes tables, doorknobs, light switches, countertops, handles, desks, phones, keyboards, toilets, faucets, and sinks.
- If surfaces are dirty, clean them: Use detergent or soap and water prior to disinfection.

*Because of the nature of a pandemic, the information is constantly changing, but as of our deadline on March 16, 2020, this was the most up to date information from the Center for Disease Control and Prevention via their website [CDC.gov](https://www.cdc.gov).

WE ARE... RESILIENT

BUT IT'S OKAY... WE'VE GOT THIS!

How did we demonstrate resiliency?

The coronavirus may have shut our school down, but as strong people and proud Americans, we didn't fret or panic. Instead, we began online learning within days of our school's closure. At first, it was a new experience and very foreign. Eventually, however, we applied a growth mindset and had fun learning online. Our resiliency was a main factor of our success during that hard time, and it all worked out in the end.

Bringing school to home

After the Coronavirus (COVID-19) closed our school, we started working on school online. In PJs, made the best of the tough situation with help from our teachers.

STUCK IN A JAM

In mid-March, our learning conditions changed drastically. However, it opened a whole new world of opportunities! Working online for school gave us the opportunity to work with cool programs like Kahoot, FlipGrid, and Screencastify. Students got to Facetime their teachers and use their creativity skills to produce videos.

COVID-19

CORONAVIRUS OUTBREAK

HEARTBREAK

The emergence of a new coronavirus strain in 2019 becomes one of the largest public health threats in recent history. The novel coronavirus causes a respiratory illness called COVID-19 that produces a cough, fever and trouble breathing. After its discovery in China in late December 2019, COVID-19 quickly spreads across the globe with 1.4M total confirmed cases as of April 7, 2020. Efforts to flatten the growth rate of COVID-19, including school closures, result in major changes to everyday life.

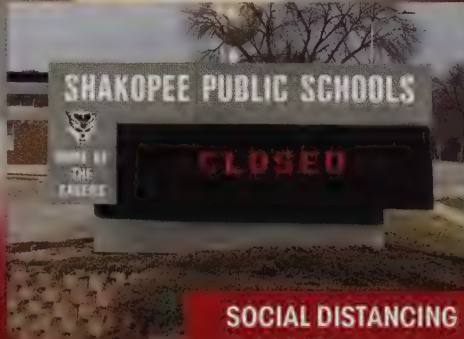

LIFE IN QUARANTINE

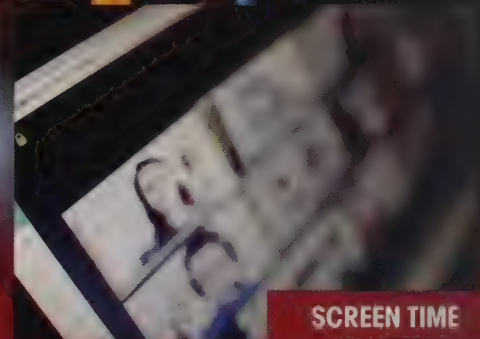

SUDDEN SHORTAGE

Stores across the country find themselves with cleaning and sanitary product shortages due to panic buying and hoarding behaviors. One of the most sought-after products is toilet paper.

SOCIAL DISTANCING

Restaurants, houses of worship, retail stores, movie theaters, shopping malls, schools and more close in an effort to slow the spread of COVID-19 through "social distancing." In March, President Trump recommends limiting gatherings to less than 10 people.

SCREEN TIME

Video conferencing usage increases as people leverage the technology to connect with friends and family.

FLATTEN THE CURVE

In order to flatten the growth rate of COVID-19, social distancing becomes a way of life for many. Examples of social distancing include avoiding larger crowds and staying 6ft away from other people.

NETFLIX & QUARANTINE

Netflix Party, a Google Chrome extension, lets friends watch Netflix shows together while quarantined apart from one another.

STAY HEALTHY

The Centers for Disease Control and prevention instruct people to wash their hands often with soap and water for at least 20 seconds, roughly the equivalent of singing "Happy Birthday" twice.

In a special episode of The Harbor by Jostens, host Mike Smith talks about how to stay rooted in love, hope, and optimism during these unprecedented times.

Jostens

ROOTED IN LOVE

**DESPITE THE
ADJUSTMENTS DUE TO
COVID-19, ARE THERE ANY
POSITIVE EXPERIENCES
YOU HAVE HAD?**

I would say this has helped me connect with family better. We had a family game night Tuesday and movie night last night. It has helped us come together in a not so good time.

-Kendal Lynn Adams / West Carrollton, GA

Since I've been staying at home, I've been able to hang out with my little brother and become real close with him. I've never realized how funny he was.

-Anthony Bonet / Naples, FL

COVID-19 has made me realize how grateful I am for the simple things in my life, like being able to go to school every day. Even though I sometimes complain about the workload, I never realized how much I would miss going to school until I wasn't able to.

-Elizabeth Stuart-Chaffoo / La Jolla, CA

I have learned to respect what elementary school teachers do every day because teaching my little brother is DIFFICULT.

-Kameron Koehler / Ladson, SC

WORDS OF ENCOURAGEMENT

WHAT WORDS OF ENCOURAGEMENT WOULD YOU LIKE TO SHARE WITH THE WORLD?

Other generations have had their setbacks and struggles. It seems that our time for them has come and just like our ancestors we will get through this together. We will come out stronger and more connected than before.

-Brian Miske / Gustine, CA

You can learn something from this time off. Take this time to get stuff you've waited to get done DONE!! Don't take this time for granted. One day you're going to be telling your kids what you did these weeks. Don't have a lame story to share.

-Layten Goudy / Bryant, AR

Try journaling about your experience! I'm sure it'll make for a great story to tell your future family and friends, plus, it helps to get all your bottled up feelings on paper.

-Melissa Harbican / Colorado Springs, CO

Find the silver lining in all of this. I guarantee you can find some good in this abyss of bad. Reaching out to those closest to you is super important if you feel like you're struggling.

-Sydney Scarboro / Westminster, CO

SENIOR SADNESS

As a senior, it has taken many of the activities I have been looking forward to since freshmen year. I may not go to Prom, or Grad night, or even walk at my graduation, let alone spend the last 3 months at school with my best friends.

-Teagan Tovsrud / Madera, CA

WHAT EVENTS ARE YOU CONCERNED ABOUT MISSING DUE TO COVID-19?

Definitely graduation, I want to walk and I want to have people there to support me and see what I've achieved. If we don't have our families there, it just won't be the same.

-Emerald Ramos / Pueblo, CO

I am mostly worried about graduation and my graduation party. I have been looking forward to seeing all of the people that have helped me get to this place and those who will help me succeed in the future.

-Gillian Telfer / Elk River, MN

My senior prom could possibly be canceled. I already purchased my dress and I have been looking forward to it for months.

-Whitney Weyforth / Martinsburg, WV

Graduation and Prom mean a lot to me because I didn't work this hard for 4 years to get nothing out of it. Just walking across a stage and hearing the principal say your name is a big accomplishment for a lot of graduating seniors.

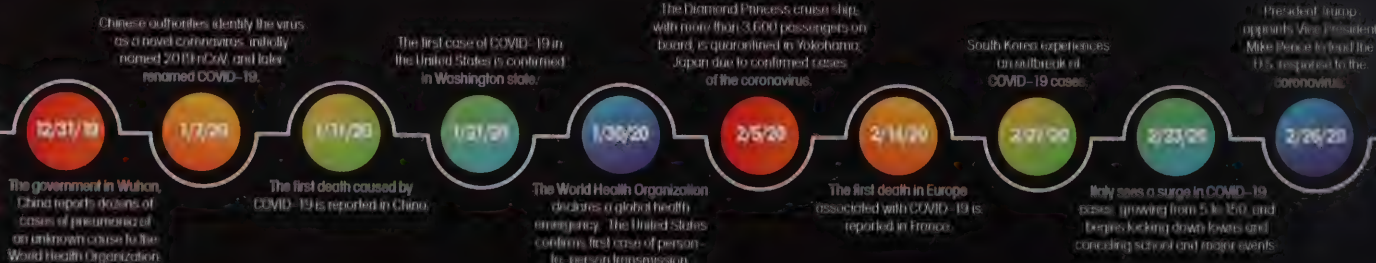

-Alicia Fong / Brooklyn, NY

VIRTUAL PROM NIGHT

Classmates from Visitation School in Mendota Heights, MN show off their prom dresses online while quarantined at home on prom night.

TIME LINE

HOW DO YOU FEEL ABOUT MOVING TO ONLINE LEARNING?

I understand that virtual learning is necessary, but it makes learning a lot less fun. Interacting with teachers and friends teach you more valuable lessons than you can learn virtually.

-Jacob Engle / Colorado Springs, CO

I initially thought I would enjoy virtual learning, however, it is not as easy as I would have imagined. If I am not begging the WiFi to work, I am resisting the urge to constantly check social media and my messages.

-Elizabeth Jansen / Napanee, IN

I miss driving to school every morning while jamming to some music.

-Isabella Mulder / Willmar, MN

I actually like it! I can do my homework on my own time and I don't have to wake up so early to do it, therefore, I am more focused.

-Amie Thresher / Colorado Springs, CO

I'm okay with it, mainly because I can stay in my pajamas.

-Nika Lee / Palo Alto, CA

WHAT ARE YOU MOST CONCERNED WITH RUNNING OUT OF DURING QUARANTINE?

I know it sounds cliché, but toilet paper. The reason being that I can't find toilet paper at any local stores because everyone is hoarding it.

-Lilly Marie Weber / Willmar, MN

I am worried about running out of focus. Doing this at home is great but it gets boring very quick.

-Sydney Lindsay / Madera, CA

Dog food!

-Jessica Washburn / Martinsburg, WV

I'm worried about not having access to my teachers (in person). Yes, emails are a way to stay in touch with them, but there's something about talking to a teacher in person that helps me way more than an email ever could.

-Natalie Salter / Bryant, AR

HOW HAVE YOU BEEN PASSING THE TIME?

I am doing a lot of puzzles, 3,850 pieces to be exact.

-John Franklin / Lake Elmo, MN

I have been babysitting since some parents still have to work and can't be with their kids all the time

-Fabian Martinez / Chapel Hill, NC

I have been able to catch up on Netflix!

-Celeste Ponce / Madera, CA

I've learned new TikTok dances and tried new recipes/hacks I've always wanted to try.

-Jacqueline O'Moulasy / Merced, CA

Making It Count

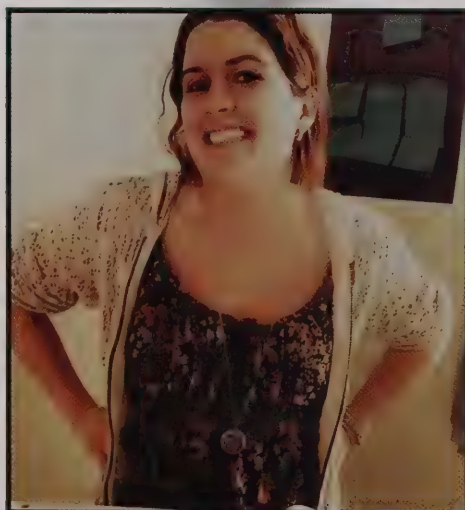

Quality time was still spent outside of school, as NHS students and staff attempted to remain connected and productive. But it was also important during the trying times of COVID-19 to find time to have fun and relax with family and friends.

Classes continued thanks to Google Meets and other educational platforms. Virtual Graduation

Thanks to Mr. Zach Trautwein from SHS the Northern Class of 2020 was able to enjoy a virtual graduation ceremony via YouTube on June 20th. Hosted by our own Mr. Maddy, the ceremony featured speeches by our valedictorian and salutatorian and each graduate's walk across the stage at Garrett College.
